## NAPIÉ OWNERSHIP BACKGROUND

Prior to the Agreement, Mako was earning up to a 75% interest in Napié under a farm-in and joint venture (**JV**) agreement with Occidental Gold SARL (**Occidental**) an Ivorian subsidiary of Perseus (**Occidental JV Agreement**)<sup>1</sup>.

Occidental is the registered holder of the Napié Permit and has an existing Joint Venture arrangement with African American Investment Fund SA (**AAIF**) (**AAIF JV Agreement**). Under the AAIF JV Agreement, Occidental holds a 90% interest in the Napié Permit and AAIF holds the remaining 10% interest, free carried until the

completion of a feasibility study (FS) which demonstrates that it is commercially feasible to develop a mining project.

Since IPO in 2018, Mako has unlocked significant value from its flagship Napié Project, completing its first stage earn-in equity of 51% early in July 2019 involving exploration spend of US\$1.5M over a 3-year period.

Under the Occidental JV Agreement, post completion of a FS by Mako, the Napié ownership structure would have comprised 75% Mako, 15% Perseus and 10% AAIF.

The Transaction resolves the current fragmented ownership structure of Napié and **increases Mako's ownership from 51% to 90%**. The change in ownership is summarised in Table 1.

	51%	75%	90%
